FOR ORGANISERS AND AV TEAMS

# Technical rider

Raphael keeps his technical needs simple. If anything below is difficult at your venue, let us know and we will adapt.

## What we need from the venue

| | |
|---|---|
| **Microphone** | One wireless microphone, lavalier (preferred) or handheld. Raphael moves around the stage and uses both hands during the live demonstration. |
| **Screen connection** | An HDMI connection to the main screen or projector at the lectern or stage position. |

## What Raphael brings

| | |
|---|---|
| **Laptop** | His own laptop with the presentation, connected by HDMI. |
| **Clicker** | His own presentation clicker. |
